GROWING YOUR KNOWLEDGE OF NATURAL PRODUCTS

## DIRECTORY 2023/2024

CORMAN  
**ORGANYC**

**CLINICALLY PROVEN PROTECTION**

Organyc period products are made with only 100% certified organic cotton from the inside and out. The period pads have been clinically proven to reduce intimate skin irritations.

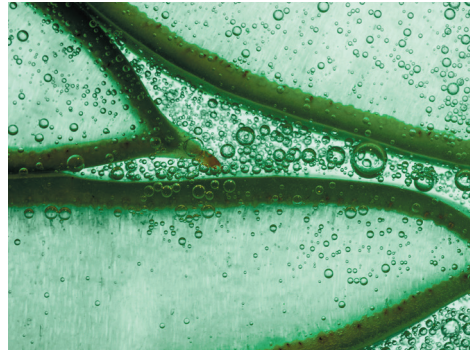

71% of the clinical study participants said  
*"Organyc period pads offered them a major benefit from intimate irritations"*  
within just three months of use.

Because we do not use SAP's, synthetics, polypropylene, rayon, wood pulp, added aroma nor bleach, like most conventional products, you can relax with the knowledge that Organyc products are completely natural.

**You deserve better. Period.**

For more than 80 years, Ricola has been manufacturing tasty sweets and cough drops in Switzerland. However, if you know Ricola, you might also know that they are not just regular sweets and cough drops. Both products are based on the Ricola 13 Swiss Alpine herbs blend, invented by the founder in 1940. To the sweets we add minty and fruity flavours to make sure you get the perfect mouth refresher. Whereas with the cough drops we add ingredients selected for their throat soothing and clearing properties. In essence, we provide the perfect product for anyone at any time.

# SUPPORTING HEALTH NATURALLY

Helios is committed to making homeopathic remedies of the highest quality, using traditional methods for preparation and starting materials from organic, ethical and sustainable sources.

Supporting health naturally, our range of award winning combination remedies cover some of the most frequent ailments seen over the counter, from hay fever and childhood complaints such as teething, to minor injuries, sleep disturbances and stress. The remedies come in organic sucrose pill form in our easy to use, single dose dispenser, backed by point of sale literature and a fast responsive service.

[www.helios.co.uk](http://www.helios.co.uk)

Following an extensive development programme and launch, we are delighted with the response to our new range of Tissue Salts. The 12 individual Tissue Salts are made to the original formula and method first pioneered by Dr Wilhelm Schuessler in the 19th Century, after his extensive work and research. These popular remedies, often known as Biochemic Cell Salts, cover a wide range of complaints and act as a support to the 12 essential minerals that our bodies need to maintain balance and good health. Helios Tissue Salts are made in traditional, quick dissolving tablet form and are suitable for all ages.

Helios is committed to supporting retailers with free point of sale material, staff training and advertising campaigns in consumer magazines.

We are creating powerful Ayurvedic herbal blends that work in harmony with the body bringing balance, and supporting performance and overall well-being. In India's Ayurveda system of health, herbs have been used traditionally for well-being benefits for centuries. Many of the herbs we use are adaptogenic, which helps the body to adapt to physical, chemical, or biological stress. All our ingredients are sourced based on purity, and quality and from certified suppliers from around the world. The formulas are all blended and manufactured in the UK under rigorous conditions. This includes separating our Organic and vegan manufacturing between 2 factories. Where possible we use packaging, materials and methods which support the well-being of the planet. Our founder believes that using natural organic and plant-based ingredients (Gelatin free veg caps), with no fillers, chemicals, GMO, gluten and soy, is the best way to support long-term health and well-being.

# 3 Summer Essentials

## Butterfat Keto

Butterfat Keto works alongside any low carb high fat, ketogenic or intermittent fasting protocol. Each scoop contains C8 MCT oils which get burned for energy rather than stored as fat, plus grass-fed butter, organic ghee, heat stable *Bacillus coagulans* and *Bacillus subtilis* and soluble fibre. Add 2 tablespoons to your favourite drink.

## Zinc + C

Zinc + C provides daily immune support and seasonal resilience with bioactive zinc acetate and buffered vitamin C in an easy-to-use citrus-flavoured lozenge. With standard supplements, zinc absorption is often limited by intestinal issues, whereas with lozenges, zinc is absorbed sublingually delivering zinc to throat cells where the immune system is actively fighting an infection. Take 2 lozenges daily.

## Curcumin+

Curcumin+ combines highly absorbable Theracurmin®, a patented and clinically researched form of curcumin with Casperome® a patented boswellia extract containing 11 boswellic acids. Curcumin + is 27 times more bioavailable than ordinary curcumin. Take one capsule a day to help support joint health, flexibility and mobility.

# Get ENERGY

– The Natural Way

- Patented formulation for exceptional absorption & effectiveness
- Documented effect in more than 120 scientific studies
- Product of choice for the ground-breaking KiSel10 and Q-Symbio
- The original, best-selling Q10 brand in Europe
- With vitamin B<sub>2</sub> that contributes to the body's energy-yielding metabolism and to the reduction of tiredness and fatigue

Coenzyme Q10 (also known as Q10 or ubiquinone) is a vitamin-like substance that plays a key role in the body's energy supply mechanism. Without Q10, it is impossible to extract energy from nutrients and our bodies would be unable to function.

## Harnessing the power of nature

### Weleda Arnica Medicines

**We farm 13 acres of Demeter-certified gardens** biodynamically for many of our medicinal ingredients, and grow our organic arnica in the Scottish Black Isle where the climate and soil result in prolific flowering.

We draw on over 100 years of Weleda's phytopharmaceutical expertise to produce a trusted range of licensed natural medicines.

Always read the leaflet/label.
